

SunWize® RV Solar Power

Discover a new world in your RV. A SunWize RV Solar Power System will give you the power you need to go anywhere you desire. Charge your batteries while enjoying the peaceful tranquility of a remote campsite or power up at a tailgate party. With the power of a SunWize RV solar system the choice is yours and the freedom is yours.

SunWize RV Solar Power Systems are designed for the most rugged climates. Solar modules withstand the summer desert heat and winter hail and still produce power day in and day out; year in and year out.

All SunWize RV Solar Power Systems feature:

- Rugged, reliable and easy to install systems
- Mono-crystalline solar technology to maximize your daily power output
- Solar modules carry a 25-year factory warranty
- SunWize tilting RV solar mount. Using our tilt mount the solar module output can increase by up to 35% over conventional flat mount RV systems. Performance will vary upon season and location.
- Three-stage 20 Amp solar controller with 20' remote LCD display has a 3-year warranty

System Specifications	PV Watts	Vmp	Imp	Dimensions	Weight
