

Quick Mount PV™

Quick Mount PV offers all-in-one waterproof flashing and mounting hardware for anchoring of photovoltaic racking systems to various roofing materials. These flashings work with all standard PV racking methods and installs easily minimizing labor and preventing water damage to existing roofing materials while not compromising integrity. This product's rated life is 50 years and is IBC code compliant.

Quick Mount PV features an all aluminum flashing assembly including an integral 1.25" standoff sealed to the flashing and is also supplied with a stainless steel 5/16" x 6" hanger bolt and hardware. Flashing assemblies, including conduit mounts, are available for composition or shake shingle roofing materials in either mill aluminum, clear or bronze anodized finishes.

Quick Mount assembly

Part #	Model	Description	Finish	Quantity	Shipping Weight
Composition Mounts					
961000	QMSC A 12	Flashing Composition Mount 12 x 12	Mill	12	19
961001	QMSC B 12	Flashing Composition Mount 12 x 12	Bronze Ano.	12	19
961009	QMSC C 12	Flashing Composition Mount 12 x 12	Clear Ano.	12	19
Shake Mounts					
961002	QMLC A 12	Flashing Shake Shingle Mount 18 x 18	Mill	12	30
961003	QMLC B 12	Flashing Shake Shingle Mount 18 x 18	Bronze Ano.	12	30
961010	QMLC C 12	Flashing Shake Shingle Mount 18 x 18	Clear Ano.	12	30
Conduit Mounts-Composition					
961007	QMCC A 12	Flashing Conduit Mount-Comp. 8 x 12	Mill	12	12
961012	QMCC B 12	Flashing Conduit Mount-Comp. 8 x 12	Bronze Ano.	12	12
961011	QMCC C 12	Flashing Conduit Mount-Comp. 8 x 12	Clear Ano.	12	12
Conduit Mounts-Shake					
961008	QMLCC A 12	Flashing Conduit Mount-Shake 8 x 18	Mill	12	18
961014	QMLCC B 12	Flashing Conduit Mount-Shake 8 x 18	Bronze Ano.	12	18
961013	QMLCC C 12	Flashing Conduit Mount-Shake 8 x 18	Clear Ano.	12	18
