### **SunWize Provides Additional Customer Support to Renewable Energy Dealers**

**Kingston, NY, March 27, 2007** – To better serve their customers, SunWize Technologies, a leading designer and distributor of residential solar energy systems and products, announces expansion of their dealer support team with the addition of John White and Helga Canfield. John and Helga recently joined the SunWize Residential Sales Team as dealer sales managers.

John brings over twenty years of sales management and applications experience from the renewable energy manufacturers and power electronics industry. His technical and customer focused perspective compliment his customers needs for timely and accurate product support. Based in Southern California, John loves to help small businesses grow and has a B.S. and a MBA in Finance.

Helga has worked in the renewable energy industry for over seven years and brings a deep understanding of international as well as domestic sales to SunWize. She has a significant background in distribution sales, customer service, and sales planning and is eager to support SunWize customers. Helga has a B.S. in Marketing and an MBA. She is based in Reno, Nevada.

Joanne Rogers, VP Residential Power, stated, "By expanding our team, we can now provide better assistance to our dealers. Dealers can call our sales managers to place orders, track shipments, get technical information, or check stock. John and Helga bring valuable experience to their new roles as SunWize dealer sales managers."

SunWize Technologies, a solar technology company, specializes in the design and manufacture of integrated solar power systems, and associated project development and product distribution. The Company operates a manufacturing/distribution facility in Kingston, NY and a distribution center in California. [www.sunwize.com](http://www.sunwize.com).
